Tierra Concepts wins Grand Haciendas Award

Tierra Concepts was the Grand Haciendas winner in the 2021 Haciendas — a Parade of Homes event held in August.

The 14,213- square-foot home, which sat vacant for years before undergoing a major remodel/renovation, features hardwood floors, custom cabinetry and hand-carved vigas, plus beams and doors on a one-level floor plan with five sunken-suite bedrooms.

There also is an attached three-bedroom casita.

Tierra Concepts is no stranger to the Grand Haciendas award at the Haciendas show and has nearly three decades of experience in building in the Santa Fe area.
